The Procrastinator Business Card has a common double sided doodling sheet glued into an outer promotional cover. The doodling sheet is approximately A4 in size and contains loads of prompts, lists and choices that can be addressed in whatever way the user sees appropriate. It provides a welcome distraction to get the brain working in ways it may not be used to! A small selection of the content is shown here.

It is possible to develop content specific to one company, industry or even an individual. Bespoke versions of the Business Card content can be developed at extra cost. Contact us for further information.
